

AMENDMENT FORM

Suggestion for amendment of Article 11

Art. 11.2.:

The wording "*the Union shall have exclusive competence for the conclusion of an international agreement when its conclusion is provided for in a legislative act of the Union*" does not imply precise nature and quality of a legislative act concerned, The type of legislative act intended for this context should not be of secondary legislation encompassing a transfer of competences to the Union level purely applying the legal rule "*Kompetenz-Kompetenz*" which an act of secondary legislation might inherently indicate.
