

AMENDMENT FORM

Suggestion for amendment of Article : 32

By Ms / Mr : J. Kohout

Status : - Member

- 1) It should be avoided to give a double use to one kind of act (the European regulation). It is recommended rather to re-introduce the « directive ».
- 2) All the introduced acts are legislative acts in the Continental understanding. Avoid the term « non-legislative act » used by the European regulation and European decision in Art. 32 - 38.
