

## AMENDMENT FORM

**Suggestion for amendment of Article : 27**

**By Ms / Mr : J. Kohout**

**Status :    ☒ - Member                      - Alternate**

---

**Art. 27.1**    specify „certain non-essential elements“

« The objectives, content, scope and duration of the delegation shall be explicitly defined in the laws and framework laws.. » Rather « Guidelines for the objectives....of the delegation.... »

**Art. 27.2**    specify the conditions/procedures for the revoking of the delegation by the European Parliament and the Council.

---

**Explanation (if any) :**

The authorization must enable the monitoring; an extended definition, particularly of the „content“ and „scope“ could undermine the purpose of this instrument.
