

## AMENDMENT FORM

**Suggestion for amendment of article 39, new par. 8**

**By Mr Poul Schlüter**

**Status: Alternate**

---

### **Article 39:**

**8. The budgetary authority provides the necessary means for such expenditure that are needed for the Union to meet legal obligations to third parties.**

---

### **Explanation:**

It is important to introduce a mechanism that ensures that the budgetary authorities will enter the necessary means for legally binding obligations into the budget. Denmark finds this very important but is open to other proposals on how to introduce it in the treaty.
