

AMENDMENT FORM

Suggestion for amendment of Article : I-53

By Mr : Farnleitner

Status : - Member

I. The Union shall provide itself with the means necessary to attain its objectives and carry through its policies **subject to the need for strict budget discipline.**

Explanation :

The inclusion of the principle of sufficiency of means, currently referred to in Article 6(4) TEU, in the Constitution will make it subject to jurisdiction of the European Court of Justice. The amendment is informed by this change; it aims to act as a check in order to prevent countless lawsuits.
