

AMENDMENT FORM

Suggestion for amendment of Article : 6

By Mr Hain

Status : Member

In the field of application of this Constitution and without prejudice to any of its specific provisions, any discrimination between nationals of Member States on grounds of nationality shall be prohibited.

Explanation (if any) :

As currently drafted, the principle of non-discrimination could extend beyond the boundaries of the Union. So needs to be re-drafted to make clear that the principle applies to nationals (i.e. legal and natural persons) of the Union. However, we will need to consider carefully the implications for CFSP.
