Suggestion for amendment of Article: 142 (ex 164)

By Mr Hain

Status : - Member

New additional final para:

Article I-12(2) shall not apply in respect of the activities of the Union referred to above. The activities of the Union pursuant to paragraph (b) above shall be without prejudice to Member States cooperation with third countries and international organisations.

Explanation (if any) :

The above amendment is needed in addition to that proposed for article III-148 as Article III-148 only relates to activities taken under the Framework Programme and would not cover the activities covered by Article III-142.
