Status : ☒ - Member - Alternate

1) « **Without prejudice to Articles /226 to 228/ of this Treaty**, in exercising its competences.... »

2) «where such action is a matter **of** national law »

Explanation (if any) :

Article 9 shall exclude the competence of ECJ in one area only (when the Member States are acting according to their national law) – it is recommended to make the implicit general competence of the ECJ explicit.
