**~~Article X : [Role of the European Council]~~**

~~The European Council shall define the guidelines for legislative and operational action within the area of freedom, security and justice.~~

---

**Explanation (if any) :**

There is no need for specific provisions at this place of the Constitution. If a specific role in this area finds consensus within the Convention, the provisions should be laid down in the Article concerning the European Council (see also the footnotes in Document 614/03)
