

AMENDMENT FORM

Suggestion for amendment of Article 14

By **Prof Peter Serracino-Inglott – Member**
 Mr John Inguanez - Alternate

To amend paragraph 3 as follows:

The Council, on a proposal from the Commission, shall unanimously ¹ adopt laws and framework laws concerning family law in so far as necessary to ensure the free movement of persons; it shall act after consulting the European Parliament. The European Parliament and the Council, in accordance with the legislative procedure, shall adopt laws and framework laws concerning parental responsibility.

Explanation:

To underline that that any ‘cross-border implications’ necessitating the approximation of national legislation in this area must stem from internal market considerations.
