Article 23. The Council, acting unanimously, (shall) may adopt laws and framework laws laying down the conditions and limitations under which the competent authorities of the Member States referred to in Articles 13 and 15 may operate in the territory of another Member State in liaison and in agreement with the authorities of that State. (It shall take its decision following consultation of the European parliament).

Explanation (if any) :

Such activity represents a very sensitive issue within member states ; it should therefore be sanctioned by something stronger than consultation with the European parliament.
