

AMENDMENT FORM

Suggestion for amendment of Article : III-173

By Mr Hain

Status : Member

A European ~~law~~ or framework law of the Council shall lay down the conditions and limitations under which the competent authorities of the Member States referred to in Articles III-166 and III-171 may operate in the territory of another Member State in liaison and in agreement with the authorities of that State. The Council shall act unanimously after consulting the European Parliament.

Explanation (if any) :

The retention of unanimity for the subject matter covered in this article is essential. The UK's amendment makes clear, legislation or operational action on the territory of another Member State by another Member State's authorities should be the subject of framework laws only. This is in order to keep national parliaments fully involved in legislation in this area.
