

AMENDMENT FORM

Suggestion for amendment of Article :

[Delete the whole article]

Explanation:

This article is not based on the common conclusions of the Working Group on Defence, but on a minority view of the Working Group. The development of the ESDP should continue to be based on an inclusive approach, enabling all Member States to participate fully in all aspects of its development. This approach should be preserved – Member States should not be divided, for example, on the grounds of military alignment.
