8. “Article 8

Article 198 [paragraph \(a\)](#) shall be amended as follows:

“(a) This Treaty shall not apply to the Faeroe Islands”.

8. Okay

9. Okay

Explanation (if any) :

Art 3bis : We note that article 305(2) TEC has not been reproduced. It should be included because the international agreement provisions of Euratom and the Constitution are significantly different.

*Art 8 : The amendment is defective since it is ambiguous. The present article as amended includes sub-paragraphs (b) to (d), including an exclusion relating to the Sovereign bases in Cyprus and to the application of the Treaty to the Isle of Man and the Channel Islands. Our amendment makes it clear the protocol is only intended to amend the first paragraph **not** to replace the whole of the provision.*
