Working group VII – "External Action"

Subject: **" Principles and objectives of EU external action"**
 - Paper by Mr Michalis Attalides, member of the Convention

Members of Working Group VII will find hereafter a paper by Mr Michalis Attalides, member of the Convention.

Contribution of Michalis Attalides on the Draft
text on principles and objectives of EU
external action

There is already reference in the Draft text that the Union will act in accordance with the Charter of the United Nations. This is of course a correct general orientation. It would be reasonable to add that it will work on the basis of and aiming to contribute to the implementation of United Nations Security Council Resolutions, as these are the strongest expression of the search for multilateral solutions and the clearest expression of the will of the international Community on evolving international issues.
